EDUCATION

2019
BACHELOR OF COMMUNICATION ENGINEERING
International Islamic University Malaysia (IIUM), Kuala Lumpur, Malaysia
CGPA 2.97/4.00

2012
HIGHER SECONDARY CERTIFICATE (HSC)
Safiuddin Sarkar Academy & College, Gazipur
Group - Science
GPA 5.00/5.00

2010
SECONDARY SCHOOL CERTIFICATE (SSC)
Bindu Basini Govt. Boys' High School, Tangail
Group - Science
GPA 5.00/5.00

SKILLS

- Vulnerability Assessment and Penetration Testing, OSINT, Social Engineering, Digital Forensics, Incident Response, PAM Solution, Endpoint Protection, SIEM, EDR and XDR, Backup Solution, Email Security, Cloud Security, Threat Intelligence
- Blockchain Transaction Analysis, Crypto Scam Investigation, Cyber Crime Investigation
- Active Directory, LDAP, MFA, IAM, IDS/IPS, Syslog, Firewall, Windows Server
- Wireshark, Maltego, Nessus, Burpsuit, Autopsy, Putty, Nmap, Spider-Foot, Wazuh, Crowdstrike, Qualys, ESET, Trend Micro, ManageEngine, Mimecast, GitHub
- Python, C Programming, SQL, MATLAB, HTML5, CSS3, WordPress
- Microsoft and Linux operating systems

PROFILE

Cyber Security Analyst with proven ability to achieve and surpass all goals in high-paced, multitasking environments. Skilled in VAPT, OSINT, Social Engineering, Digital Forensics, Incident Response, Cyber Crime Investigation, Blockchain analysis, Threat analysis, Malware Analysis, IAM, PAM Solution, Endpoint Protection, SIEM, EDR and XDR, Patch Management, Cloud Security, Backup Solution, Email Security and Threat Intelligence.

EXPERIENCE

Dekko ISHO Technologies Ltd.   October 2022 - Present
Cyber Security Analyst

Experience with cyber security solutions and services such as Vulnerability Assessment · Penetration Testing · Digital Forensics · Incident Response · ISO 27001 · PAM Solution · Endpoint Protection · EDR and XDR · Patch Management · Backup Solution · SIEM · Email Security · Cloud Security · Threat Intelligence · PoC of cyber security solutions and services and Implementation

MakeMyPrivacy   April 2022 - Present
Cyber Security Specialist

Open Source Intelligence (OSINT) · Vulnerability Assessment · Penetration Testing · Social Engineering · Digital Forensics · Incident Response · Malware Analysis · Identity Theft · Hack Recovery · Fraud Investigations · Cybercrime Investigations · Financial Crimes Investigations

TechForing Ltd.   December 2021 - October 2022
Jr Cyber Security Engineer

I have corporate experience with real-time cases on TechForing Limited for Open Source Intelligence (OSINT) · Vulnerability Assessment · Penetration Testing · Social Engineering · Digital Forensics · Incident Response · Malware Analysis · Threat Analysis · Hack Recovery · Blockchain Analysis · Fraud Investigations · Cybercrime Investigations · Financial Crimes Investigations.

Hussain Farhad & Co.   November 2020 - March 2021
Project Engineer

I have worked on Bangladesh Submarine Cable Company Limited (BSCCL) asset valuation at Dhaka, Kuakata & Cox's Bazar · Analysis of Optical fibre cable system of BSCCL · Identify the IIG (Network), Core equipment (Network), Electrical and Power system of the Data Centre at BSCCL · Set the value of Data Centre equipment and reporting to the Manager.

Grameenphone Ltd.   June 2018-September 2018
Intern - Regional Operations Engineer

I have had hands-on experience in the Operation and maintenance of network systems · Frequency and network test using frequency spectrum analyzer connected with the directional antenna · Maintaining network database, customer support and site work · Monitoring Data Centre of Grameenphone Ltd · Maintenance of electrical, power system and GP tower station.

PROJECT

- Crypto Scam Investigation (TechForing Ltd.)
- Device Forensics and Hack Investigation (TechForing Ltd.)
- Cyber Crime Investigation (TechForing Ltd.)
- Capacitive Tilt Sensor for Inclination Measurement. (Final Year Project)
- Digital Mirror Using Python in Raspberry pi. (Integrated Design Project)
- Voice Recognition Application for the Mobile Device. (Seminar Project)

ACHIEVEMENTS & ACTIVITIES

- Best Cyber Security Engineer, Quarter 4 (TechForing Ltd.)
- Digital Security Summit 2021 Bangladesh.
- Industrial visit to MEAST teleport and broadcast center Malaysia.
- Industrial visit to ASTRO (All Asian Satellite Television And Radio Operator) Malaysia Satellite Television.
- Global Ummatic Festival 2017 (1st Place) & 2019 (Best Entertainment Award) (IIUM)

CERTIFICATION COURSE

- CSA-Certified SOC Analyst Training (Decodes Lab Ltd.)
- Endpoint Encryption for the Administrator (Trend Micro)
- Ethical Hacking Essentials (Codered from EC Council)
- IT Security: Defense against the digital dark arts (Google)
- Penetration Testing, Incident Response and Forensics (IBM)
- Certified Cyber Security Professional (CCSP) (TechForing Ltd.)
- Website Hacking Techniques (Codered from EC-Council)
- SQL Injection Attacks (Codered from EC Council)
- Certified Network Security Specialist (CNSS) (International Cybersecurity Institute)
- Be A White-Hat Hacker and Pen-Tester (Eduonix)
- Learning Python (Linkedin Learning)
- NSE 1, NSE 2 Network Security Associate (FORTINET)
- Cyber@ANZ Program. (ANZ Virtual Internship Program)
- Introduction to Cybersecurity (Cisco Networking Academy)
- Workshop on Network Simulation (Atova Technology)
- Workshop On Siemens Industrial IOT Platform (IIUM)
- Web development (front-end) Workshop (IIUM)
- RESTful API with HTTPAand JavaScript (Coursera Project Network)
- Advanced WordPress Web Development (Softech IT Institute)
- SQL Fundamental course (SOLOLEARN)
